Re: Conformity Report - Canadian Screw Piles

Project: 67e3d7d8db066fcfcab1269f

File: sd

To whom it may concern,

This conformity report is being issued following the installation of our Canadian Screw Piles at Jashandeep Singh

1.0 Canadian Screw Piles

The installed Canadian Screw Piles are the following:

Quantity	Model	Average Depth	Outside Diameter	Wall Thickness	Helix Diameter
s	ds	ds	ds	ds	ds

These Canadian Screw Piles were installed in accordance with the requirements of the National Building Code of Canada 2015 and CCMC Evaluation Report #14098-R.

2.0 Bearing Capacity

Model P	Load	Compression
ds	sd	ds

3.0 Special Notes

If there is a staircase leaning directly onto the ground, three options are possible so that the staircase can move freely during the freeze and thaw period...

4.0 Compliance of Installation

We confirm that the Canadian Screw Piles used are adequate, that the installation is compliant and that the Canadian Screw Piles installed are able to support the design loads of the project.

Finally, this installation is covered by a transferable warranty of 5 years against future subsiding.

We hope that you will find this document satisfactory. Please do not hesitate to contact us for any further information or inquiries.

Sincerely,

A handwritten signature in black ink, reading "J. S. Brar". The signature is written in a cursive style with a large, stylized "J" and "S".
